

Venue

The JISD 2014 will take place at the School of Mathematics and Statistics of the Universitat Politècnica de Catalunya, which is located in the University Area of Barcelona (zona universitària).

The address of the School is: C. Pau Gargallo, 5

We recommend you to book a room at Residencia Torre Girona, which is in the university area, or Residencia d'Investigadors, which is on the city centre. To get to the School of Mathematics from the city centre, take the underground, line 3 (green line), and stop at Palau Reial. It takes around 30 minutes.

From the airport, you can take a train to Estació de Sants and there change to underground line 3.
